

Online Transfer Claim Portal (OTCP)

OTCP

powering people practice

Background

Following July 2013's alert on the introduction of the **Online Transfer Form**, EPFO has released:

- The Online Transfer Form Format along with the methodology of submission
- The procedure for employers to register digital signatures

According to **K.K. Jalan (Central Provident Fund Commissioner EPFO)**, *Lack of Faith* in the EPF System is the reason why people chose withdrawals instead of transfers. To restore faith and to ensure timely transfer of EPF money, EPFO launched the **Online Transfer Claim Portal (OTCP)**.

Requirements

In order to transfer your EPF account online from the previous to the current employer:

- Both employers need to have their digital signatures registered with EPFO
- Both employers need to verify the claim papers online by digitally signing it off
- The status of the transfer can be checked through your member portal account

Note: If the employers have not registered their digital signatures online, you will need to take the process offline.
